Operations & Maintenance Essentials Post-Training Coaching

Training staff is easy. Implementing what was taught is the hard part.

GPRO Post-Training Coaching is a yearlong process that follows the GPRO Operations & Maintenance Essentials course to help GPRO certificate holders put their new knowledge and skills into practice.

GPRO Coaches work with primary members of the facilities team to develop a plan to improve the performance and value of the building.

WHAT'S INVOLVED?

1. Identify Green O&M Team

Team can be building-wide or organization-wide and must include at least one individual with the following job descriptions

- Building Operator / Engineer
- Building Manager / Facility Manager / Property Manager
- Procurement
- Sustainability Manager if LEED project
- Cleaning vendor (if applicable)

2. Develop Green Plan

Work with Green O&M Team to develop a Green Plan that includes:

- Review of existing performance data (if available)
- Propose new sustainable work practices and/or technologies
- Create a path to implementation
- Identify and schedule appropriate specialized training modules for specific personnel (may be additional cost).

3. Track Progress

- Monthly Green O&M Team meetings to verify progress.
- Access to CUNY lending library of measuring devices such as data loggers (may be additional cost).
- Produce report at the end of the term showing achievements.

COSTS

Price shown reflects a 70% discount thanks to NYSERDA funding in 2014.

\$3,000 per team working in Systems Benefits Charge service territory*
(\$10,000 per team otherwise)

**includes Central Hudson Gas and Electric Corporation, Consolidated Edison Company of NY, Inc., New York State Electric and Gas Corporation, National Grid, Orange and Rockland Utilities, Inc., and Rochester Gas and Electric Corporation*
